

## INDEX OF TABLES AND FIGURES

### TABLES

#### THE HUNGARIAN LABOUR MARKET

Table 1: Employee groups according to their secondary status, 2018 .... 20

Table 2: Changes in the number of employees broken down by major characteristics ..... 21

Table 3: Employment rate of the population aged 20–64, broken down by educational attainment and gender, excluding public works participants, 2014, 2017, 2018 ..... 23

Table 4: Employment rate of the Roma and non-Roma population, aged 20–64, broken down by educational attainment, 2017, 2018 ..... 24

Table 5: The number of employees and the potential labour reserve ... 27

Table 6: Net and real wages taking into account the family tax benefit, 2018 ..... 31

#### IN FOCUS

Table 1.1: New entrants' monthly gross real wages in the business sector, by education, gender and work experience, 2012–2016 ..... 42

Tables 1.2: Decomposing the employment rate of the population aged 16–29, 2002–2017 ..... 43

Table 1.3: Decomposing the NEET-rate of the population aged 15–29, 2002–2017 ..... 43

Table 2.1.1: The association between test scores in Grade 10 and the logarithm of earnings in young adulthood ..... 48

Table 2.1.2: The impact of test scores in Grade 10 on the probability of unemployment in young adulthood .. 49

Table 2.1.3: The association between test scores in grade 10 and the logarithm of earnings in young adulthood by school attainment ..... 50

Table 2.1.4: The association between test scores in Grade 10 and labour market status in young adulthood by school attainment ..... 50

Table 2.2.1: Regression estimates of the effect of school tracks on student performance in Grade 10; students in Grade 8 in 2014 ..... 56

Table 2.2.2: Regression estimates of the effects of school tracks on the probability of high and low student performance; students in Grade 8 in 2014 . 57

Table 2.3.1: The percentage of those continuing their studies in

vocational secondary schools or vocational schools, among those continuing their education at a secondary level, by vocational groups, 2007, 2017 ..... 61

Table 2.4.1: The effect of the vocational school reform on test score change between the 8th and 10th grade .... 67

Table 2.5.1: The effect of the school-leaving age reform on the status “not attending school and lacking a qualification” and on acquiring an upper-secondary qualification, marginal effects ..... 75

Table 2.5.2: The impact of the school-leaving age reform on not attending school and lacking a qualification in two age groups ..... 76

Table 3.3.1: Share of fixed-term contracts in the year of graduation among entrants ..... 87

Table 4.1.1: The effects of early-stage unemployment on wages ..... 92

Table 4.2.1: Characteristics of young men by categories based on time spent as registered jobseekers or in public works in the two calendar years after graduation ..... 96

Table 4.2.2: The relationship between unemployment in the first two years of the career and the labour market outcomes in the fifth year after finishing secondary school, finished secondary school in 2011–2012 ... 97

Table 5.1.1: Correlation of various factors with the time until exit from NEET status to employment and to education, 2015–2018 ..... 101

Table 5.1.2: Relationship between motivational factors and registration with time until exit from NEET status to employment, 2015–2018 ... 102

Table 5.2.1: Regression estimate of the factors determining the entry of registered jobseekers under the age of 25 into the Youth Guarantee Programme ..... 108

Table 5.4.1: The percentage of 16–29 and 30–64 year-olds employed in the private sector who earn around the minimum wage or the guaranteed minimum wage ..... 113

Table 5.5.1: The number of youth between the ages of 16–19 registering as unemployed for the first time, 2011–2017 ..... 116

Table 5.5.2: The number of youth between the ages of 16–19 entering public employment for the first time, and their share within the group of all first entrants, 2011–2017 ..... 117

Table 5.5.3: The share of those among the 16–19-year-olds registering in the public work scheme for the first time who entered public employment within 90 days, 2011–2017 ..... 117

Table 5.5.4: The share of those among youth entering public employment for the first time who, before doing so, spent not more than 30 days in the unemployment registry, 2012–2017 ..... 118

Table 5.5.5: The total distribution of educational attainment at the time of entry into public employment in the period between 2011 and 2016 .... 119

Table 5.5.6: The share of those among youth entering public employment with an educational attainment of the eighth grade of elementary school who also attended secondary school, broken down by the year of entry, 2011–2017 ..... 119

Table 5.5.7: The share of those among youth entering public employment with an educational attainment of the 8th grade of elementary school and having started secondary school who obtained secondary-level qualification within two years, 2011–2015 ..... 120

Table 6.1.1: The 16–25 year-old population by ethnicity and labour market status, 2011 and 2016 ..... 123

Table 6.2.1: The impact of gender, ethnic group and neighbourhood characteristics on participation in education, 2011, 2016 ..... 127

Table 6.2.2: The effect of gender, ethnicity and certain neighbourhood characteristics on NEET status (not in education, employment or training), 2011, 2016 ..... 129

Table 7.1.1: The determinants of the probability of non-formal training among 16–34-year-olds, 2018 .... 133

Table 8.1.1: Factors influencing the probability of occupational change, binary outcome probit estimates (changes occupation: yes/ no) ..... 147

Table 8.1.2: Factors influencing the direction of occupational change, multinomial logit estimates ..... 148

**POLICY TOOLS**

Table A1: Expenditures and revenues of the employment policy section of the national budget, 2013–2019 ..	165
---	-----

**STATISTICAL DATA**

Table 1.1: Basic economic indicators .....	169
Table 2.1: Population .....	171
Table 2.2: Population by age groups, in thousands .....	171
Table 2.3: Male population by age groups, in thousands .....	173
Table 2.4: Female population by age groups, in thousands .....	173
Table 3.1: Labour force participation of the population over 14 years ..	174
Table 3.2: Labour force participation of the population over 14 years, males, in thousands .....	175
Table 3.3: Labour force participation of the population over 14 years, females, in thousands .....	176
Table 3.4: Labour force participation of the population over 14 years ..	177
Table 3.5: Labour force participation of the population over 14 years, males, per cent .....	178
Table 3.6: Labour force participation of the population over 14 years, females, per cent .....	179
Table 3.7: Population aged 15–64 by labour market status (self-categorised), in thousands .....	180
Table 3.8: Population aged 15–64 by labour market status (self-categorised), per cent .....	181
Table 4.1: Employment .....	182
Table 4.2: Employment by gender ..	183
Table 4.3: Composition of the employed by age groups, males .....	184
Table 4.4: Composition of the employed by age groups, females, per cent .....	184
Table 4.5: Composition of the employed by level of education, males, per cent .....	185
Table 4.6: Composition of the employed by level of education, females, per cent .....	185
Table 4.7: Employed by employment status, in thousands .....	186
Table 4.8: Composition of the employed persons by employment status, per cent .....	186
Table 4.9: Composition of employed persons by sector, by gender, per cent .....	187
Table 4.10: Employed in their present job for 0–6 months, per cent .....	187
Table 4.11: Distribution of employees in the competitive sector by firm	

size, per cent .....	188
Table 4.12: Employees of the competitive sector by the share of foreign ownership, per cent .....	188
Table 4.13: Employment rate of population aged 15–74 by age group, males, per cent .....	189
Table 4.14: Employment rate of population aged 15–74 by age group, females, per cent .....	189
Table 4.15: Employment rate of population aged 15–64 by level of education, males, per cent .....	190
Table 4.16: Employment rate of population aged 15–64 by level of education, females, per cent .....	191
Table 5.1: Unemployment rate by gender and share of long term unemployed, per cent .....	192
Table 5.2: Unemployment rate by level of education, males .....	193
Table 5.3: Composition of the unemployed by level of education, males, per cent .....	193
Table 5.4: Unemployment rate by level of education, females .....	194
Table 5.5: Composition of the unemployed by level of education, females, per cent .....	194
Table 5.6: The number of unemployed by duration of job search .....	196
Table 5.7: Registered unemployed and LFS unemployment .....	198
Table 5.8: Composition of the registered unemployed by educational attainment, yearly averages .....	199
Table 5.9: The distribution of registered unemployed school-leavers by educational attainment, yearly averages, per cent .....	199
Table 5.10: Registered unemployed by economic activity as observed in the LFS, per cent .....	200
Table 5.11: Monthly entrants to the unemployment register, monthly averages, in thousands .....	200
Table 5.12: Selected time series of registered unemployment, monthly averages .....	201
Table 5.13: The number of registered unemployed who became employed on subsidised and non-subsidised employment .....	202
Table 5.14: Benefit recipients and participation in active labour market programmes .....	203
Table 5.15: The ratio of those who are employed among the former participants of ALMPs, per cent .....	204
Table 5.16: Distribution of registered unemployed, unemployment benefit	

recipients and unemployment assistance recipients by educational attainment .....	205
Table 5.17: Outflow from the Register of Beneficiaries .....	206
Table 5.18: The distribution of the total number of labour market training participants .....	206
Table 5.19: Employment ratio of participants ALMPs by gender, age groups and educational attainment for the programmes finished in 2018, per cent .....	207
Table 5.20: Distribution of the average annual number of those with no employment status who participate in training categorised by the type of training, percentage .....	207
Table 5.21: The distribution of those entering training programmes by age groups and educational level .....	208
Table 6.1: Annual changes of gross and real earnings .....	209
Table 6.2.a: Gross earnings ratios in the economy .....	210
Table 6.2.b: Gross earnings ratios in the economy, per cent .....	211
Table 6.3: Regression-adjusted earnings differentials .....	212
Table 6.4: Percentage of low paid workers by gender, age groups, level of education and industries .....	213
Table 7.1: Graduates in full-time education .....	216
Table 7.2: Pupils/students entering the school system by level of education, full-time education .....	217
Table 7.3: Students in full-time education .....	218
Table 7.4: Students in part-time education .....	219
Table 7.5: Number of applicants for full-time high school courses .....	220
Table 8.1: The number of vacancies reported to the local offices of the NFSZ .....	221
Table 8.2: The number of vacancies reported to the local offices of the NFSZ, by level of education .....	222
Table 8.3: The number of vacancies .....	222
Table 8.4: Firms intending to increase/decrease their staff, per cent .....	223
Table 9.1: Regional inequalities: Employment rate .....	224
Table 9.2: Regional inequalities: LFS-based unemployment rate ..	225
Table 9.3: Regional differences: The share of registered unemployed relative to the economically active population, per cent .....	226

Table 9.4: Annual average registered unemployment rate by counties ..	227	Table 11.6: The number of those receiving a disability annuity and the mean sum of the provisions they received after the increase, in January of the given year ..	241	by age group, 2002–2018 ..	40
Table 9.5: Regional inequalities: Gross monthly earnings ..	228	Table 11.7: Newly determined disability pension claims and detailed data on the number of newly determined old-age pension claims ....	241	Figure 1.4: Share of youth not in employment, education or training (NEET) by age group and gender, 2002–2018 (percent) ..	41
Table 9.6: Regression-adjusted earnings differentials ..	228	Table 11.8: Retirement age threshold ..	242	Figure 2.1.1: Association between test scores in grade 10 and the logarithm of earnings ..	47
Table 9.7: Regional inequalities: Gross domestic product ..	229	Table 12.1: The mean, minimum, and maximum value of the personal income tax rate, per cent ..	243	Figure 2.1.2: Association between test scores in grade 10 and unemployment ..	47
Table 9.8: Commuting ..	229	Table 12.2: Changes in the magnitude of the tax wedge in the case of minimum wage and the temporary work booklet (AMK) ..	244	Figure 2.2.1: Skill levels of Grade 10 students broken down by school track, 2017 (percentage) ..	54
Table 10.1: Strikes ..	232	Table 12.3: The monthly amount of the minimum wage, the guaranteed wage minimum, and the minimum pension, in thousands of current-year HUF ..	245	Figure 2.2.2: Test scores in Grade 10 as a function of Grade 8 scores, broken down by school track; students in Grade 8 in 2014 ..	54
Table 10.2: National agreements on wage increase recommendations ..	232	Table 12.4: The tax burden on work as a ratio of tax revenue and earnings ..	246	Figure 2.2.3: Changes in average test scores between Grades 6 and 10, broken down by school track; students in Grade 8 in 2014 ..	55
Table 10.3: Single employer collective agreements in the business sector ..	233	Table 13.1: Employment and unemployment rate of population aged 15–64 by gender in the EU, 2018 ..	247	Figure 2.3.1: The proportion of those continuing their education at the secondary level and those who were not admitted into the school type designated as their first choice in their priority list, by school type, 2005–2017 ..	60
